LANDSCAPING & CONSTRUCTION, INC.

Landscape Lighting

Lighting Installs

Choose from a wide variety of landscape lights that will make your property pop! Add beauty and safety to your home with lighting fixtures from Unique Lighting Systems!

System Upgrades

Update the fixtures on your property to ones with a lifetime warranty from Unique. Upgrade to a LED transformer to become more energy efficient. Have lights that don't work? Precision will fix any issues in your system.

Wireless Device Setup

Ask about how you can control your landscape lights from an app on your phone. Precision can install this on existing lighting systems or on a new installation!

UNIQUE LIGHTING SYSTEMS®

Path Lights

These lights will make it easier to navigate walkways and paths around your property.

Up Lights

Want to accent certain trees or shrubs around your property? These lights are great for lighting up the night and can rotate 360 degrees, so you can get the perfect angle!

Well Lights

These are heavy duty lights that can accent any landscape feature you like!

Hardscape Lights

These recessed wall lights are perfect for illuminating short retaining walls and other niche locations like pillars and decks.

Light Logic PLUS

This device allows you to wirelessly control your landscape lighting through an app on your phone or anywhere that you have internet access!
